

LAKE HOPATCONG FOUNDATION HOSTS FIELD STUDIES FOR MOUNT ARLINGTON 4TH GRADERS

Mount Arlington 4th Graders spent a day at Lake Hopatcong State Park and attend a series of workshops hosted by volunteers of the Lake Hopatcong Foundation, Lake Hopatcong Historical Museum, and the US EPA Watershed Ambassador Program. Students explored the park on foot trails, took a boat ride on the Lake, collected water samples to analyze water quality, toured the historic museum, studied a watershed model, and discussed ways they can protect the water quality of the Lake.
